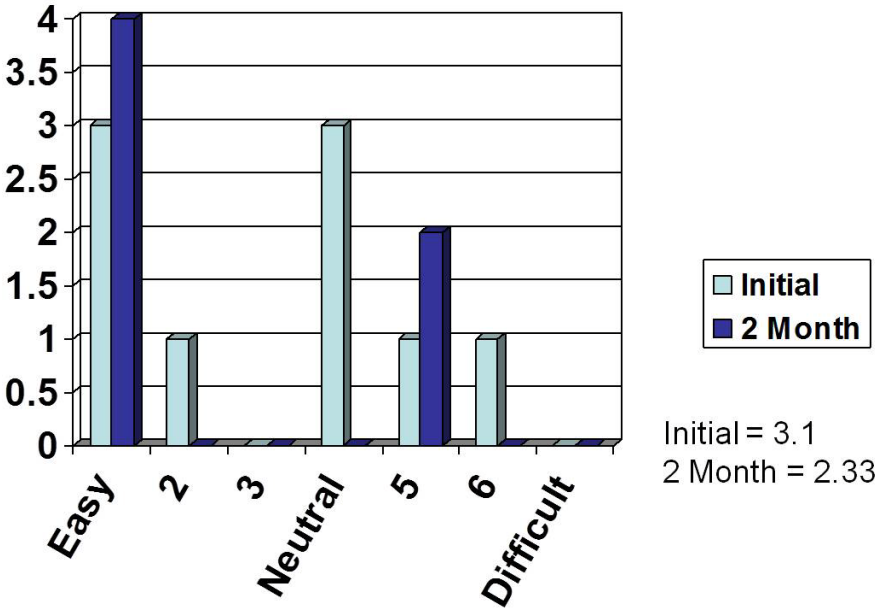
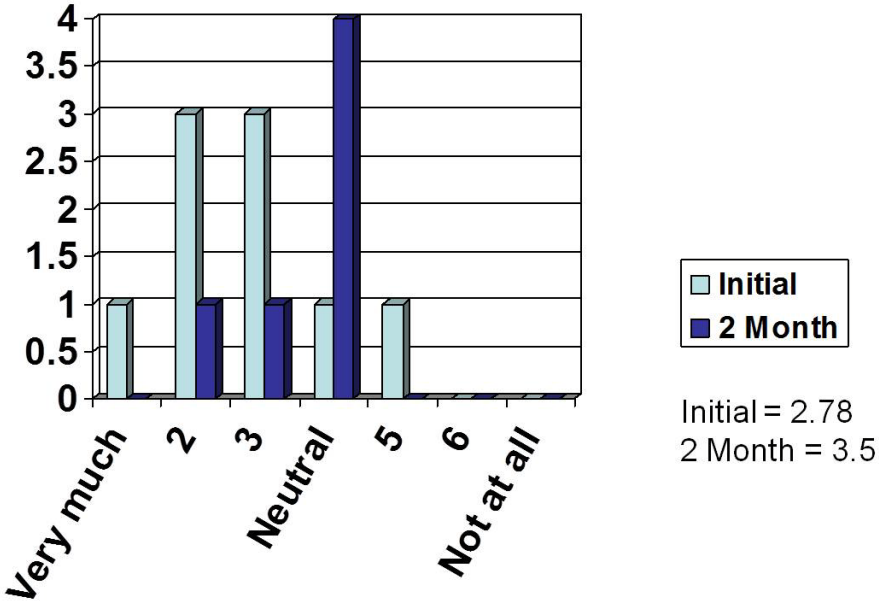
Appendix C: Pilot-Testing Quantitative Results: Intake and 2 Month Assessment

How easy was it to talk with Gabby?



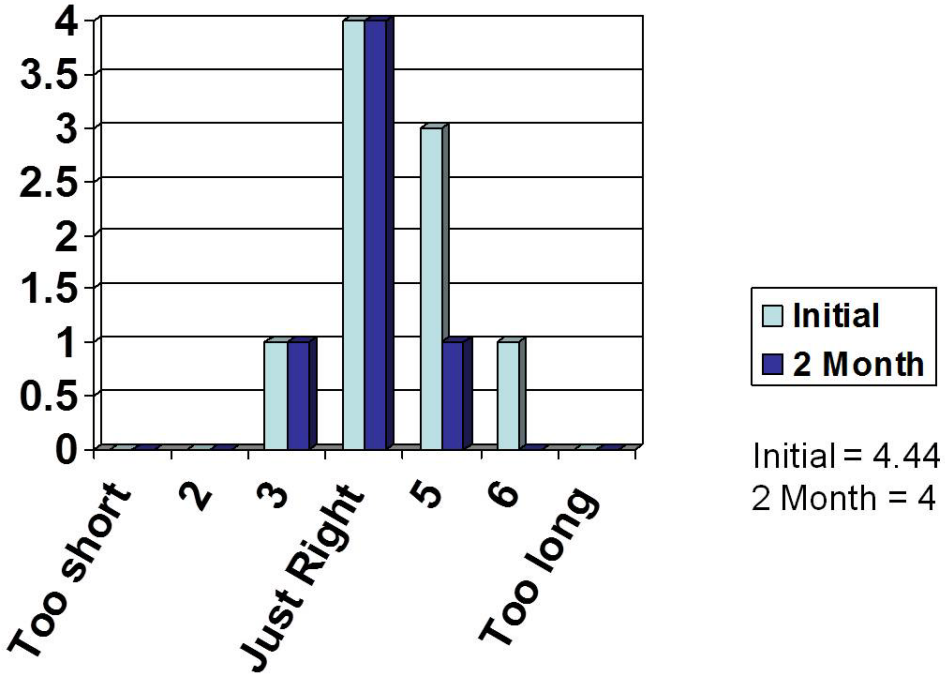
Initial = 3.1
2 Month = 2.33

How much do you trust Gabby?

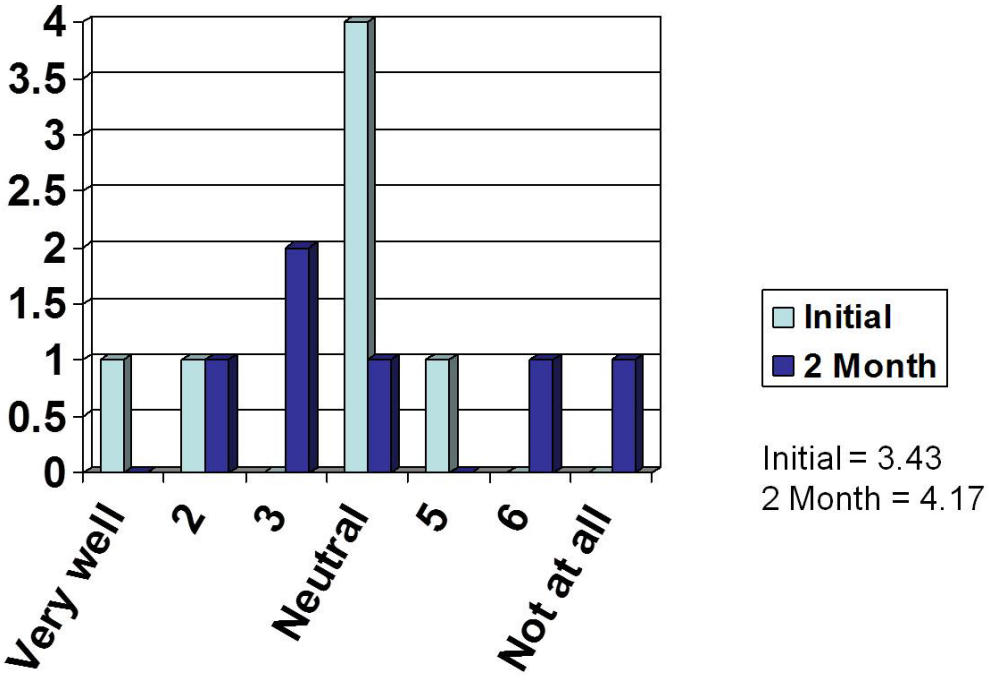


Initial = 2.78
2 Month = 3.5

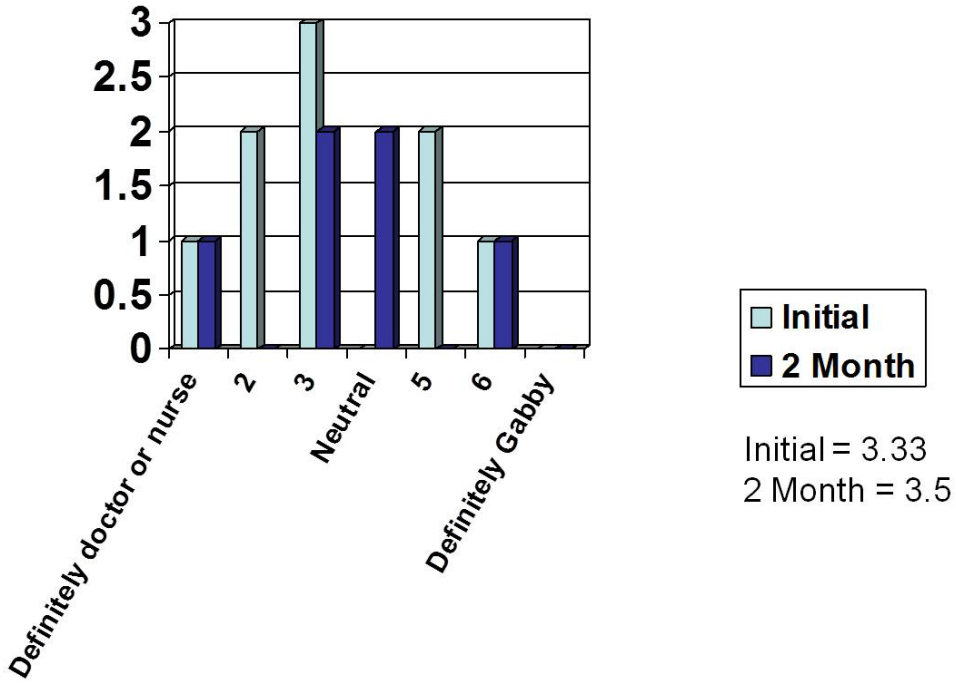
Did you feel your sessions with Gabby were (too short…just right…too long)?



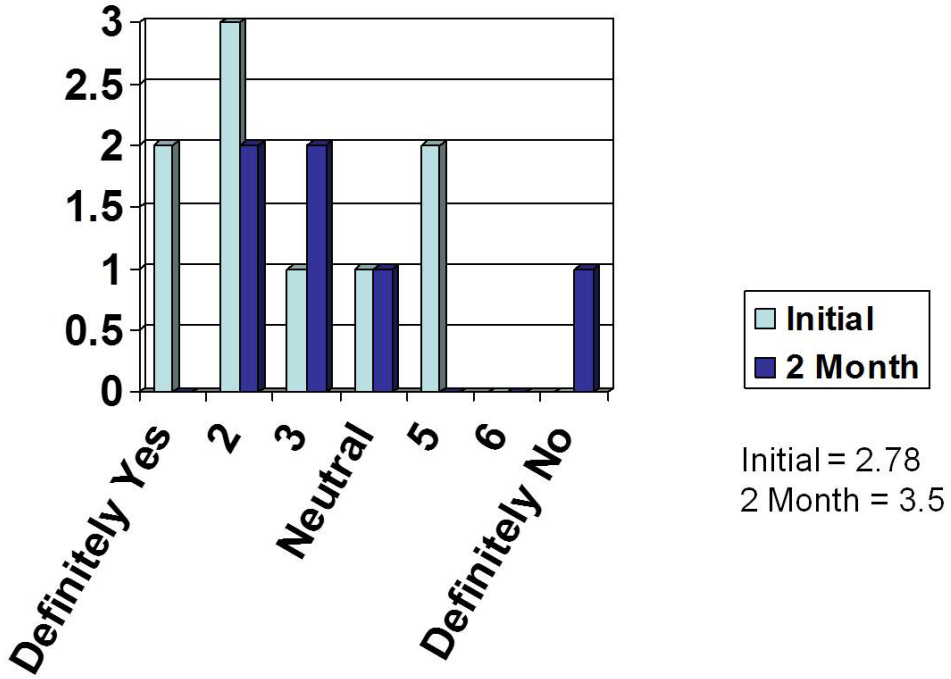
How well did Gabby answer any questions that you had?



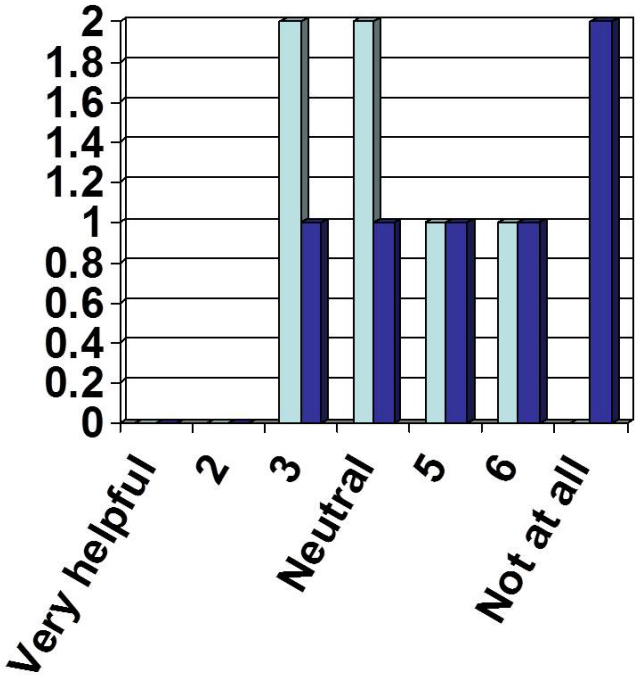
To what degree would you rather have talked to a doctor or nurse than Gabby?



Would you like to interact with Gabby again?



How helpful were the stories that you heard?



Initial = 4.57
2 Month = 5.33

N=7 for initial intake
