

## Aim 1: Analytics Screen Shots

Image 1: Performance on Diabetic Quality Measures, Individual Physician (Dr. Mehr) .....	2
Image 2: Performance on Diabetic Quality Measures, Practice Team (Green Team, Physician Names Obscured) .....	3
Image 3: Performance on Diabetic Quality Measures, DM Quality Measure #3 (BP < 140/90) by Practice Teams .....	4
Image 4: “Drill Down” Patient List, by City (for confidentiality) .....	5

### Notes:

Image 1: Provider is Dr. Mehr, group is his practice (Green Team), target is 50<sup>th</sup> percentile HEDIS. Targets may be changed over time.

Image 2: Obscured provider list is all Green Team Providers. As this view is for the entire team, provider and team are identical.

Image 3: No additional notes

Image 4: Patient names and physician names not shown to protect confidentiality. The “drill down” feature can provide a listing of all patients who either meet or do not meet a specific measure by primary care physician.
